technology is changing the way we do business the way we communicate with each  
other and the way we learn this new edition is intended to help technical writers  
graphic artists engineers and others who are charged with producing product  
documentation in the rapidly changing technological world while preserving the  
basic guidelines for developing manuals and warnings presented in the previous  
edition this new edition offers new material as well including a much expanded  
section on hazard analysis features provides more explicit guidance on conducting  
a hazard analysis including methods and documentation offers in depth discussion  
of digital platforms including video animations and even virtual reality to provide  
users with operating instructions and safety information incorporates current  
research into effective cross cultural communication essential in today s global  
economy explains new us and international standards for warning labels and  
product instructions presents expanded material on user analysis including  
addressing generational differences in experience and preferred learning styles  
writing and designing manuals and warnings fifth edition explores how emerging  
technologies are changing the world of product documentation from videos to  
virtual reality and all points in between

twenty five years ago how many people were thinking about the internet on a daily  
basis now you can find everything including technical and instruction manuals  
online but some things never change users still need instructions and warnings to  
guide them in the safe and proper use of products good design clear instructions  
and warnings place
